

Open Houses

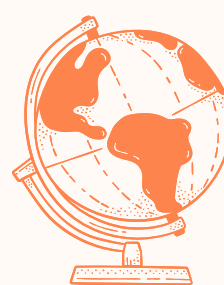

Investigation steps

Building an investigation process and its steps through cooperation between young people and youth worker.

Everything is debatable...

APRIL

Find a question
Collecting existing resources

Agree on an important issue to be addressed from the first individual observations. This is the problem to be solved by the investigation !

Find articles, videos, books on the subject to get a better understanding of the issue.

MAY

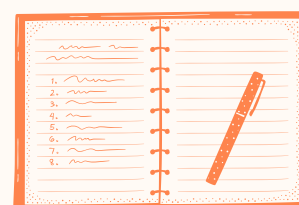

Build an investigation method

Agree on the tools and organisation (sub-questions + indicators) for collecting information.

JUNE - JULY - AUGUST

Collecting datas

Go and collect information in the field!

SEPTEMBER - OCTOBER

Analysing datas

From the initial question, sort and organise the information gathered.

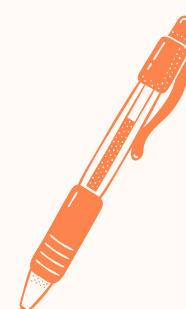

In this step, the problem is refined because the first answers have been found by the group.

Draw up results (common points, differences, etc.)!

NOVEMBER

Sharing results

Agree on the information to be shared according to the audience.

Congrats !

You are a researcher !
